PEM Discovery Responses

Dear Rebecca:

There are a few loose ends requiring clarification as we prepare for mediation in this matter.

First, Pencom again requests that PEM provide its damages analysis.

Second, referring to your letter of May 29, 2008, there are several interrogatory responses that you indicated would be supplemented as necessary. Those include Interrogatories Nos. 1, 4, 7, 10, 16, and 18. As to all these items, please provide either (1) a supplemental answer or (2) a written statement that PEM has determined that no supplementation is needed at this time.

I'd appreciate these items by no later than August 14. I'm scheduled to start my vacation on August 16, and I'd like to have this cleared up by then.
